

You will still need to complete your reading homework x3 each week.

Year 6 Homework

Your Homework for this final term is based on our topic 'I'm a Year 6...Get Me Out of Here'.

So where would you like to go?

We would like you to produce a fact book on a country you would like to visit.

You need to include...

- A map of your chosen country with major cities, rivers, mountains and any other physical features.
- Currency and exchange rate
- Language (and useful phrases to know)
- Animals and habitat
- That country's food
- Special places to visit including a 1 or 2 week itinerary as if you were visiting on holiday
- Anything else of interest- models or artwork inspired by your choice of country (you could research an artist from the country of your choice or produce your own replica of famous work)

Each area here should be a page long and presented appropriately.

This can be created on the computer.

Every Monday, you need to bring in what you have done so your teacher can check your progress. You must keep each week's piece to create a booklet with. You should be spending at least 1 hour every week on this project (instead of maths and topic homework).

If you do not bring it in you will be using lunchtimes on Monday (computing suite) and Wednesday (class-based) to complete tasks based on your project.

It needs to be completed by Monday 8th July.
